

Smart Campus Management System

Powerful Digital Solution for School Administration

**Presented By:
Raghu Kulkarni
E Vision Infotech**

Website: www.smsoft.in

About Our Company

About us

E Vision Infotech is a technology company focused on developing Smart Campus Management solutions for educational institutions. Our software simplifies school administration, automates daily operations, and improves communication between management, teachers, students, and parents.

Mission and Vision

Our mission is to empower educational institutions with smart digital solutions that streamline campus operations and improve learning environments. Our vision is to build a fully connected, technology-driven campus ecosystem for modern education.

Who We Are

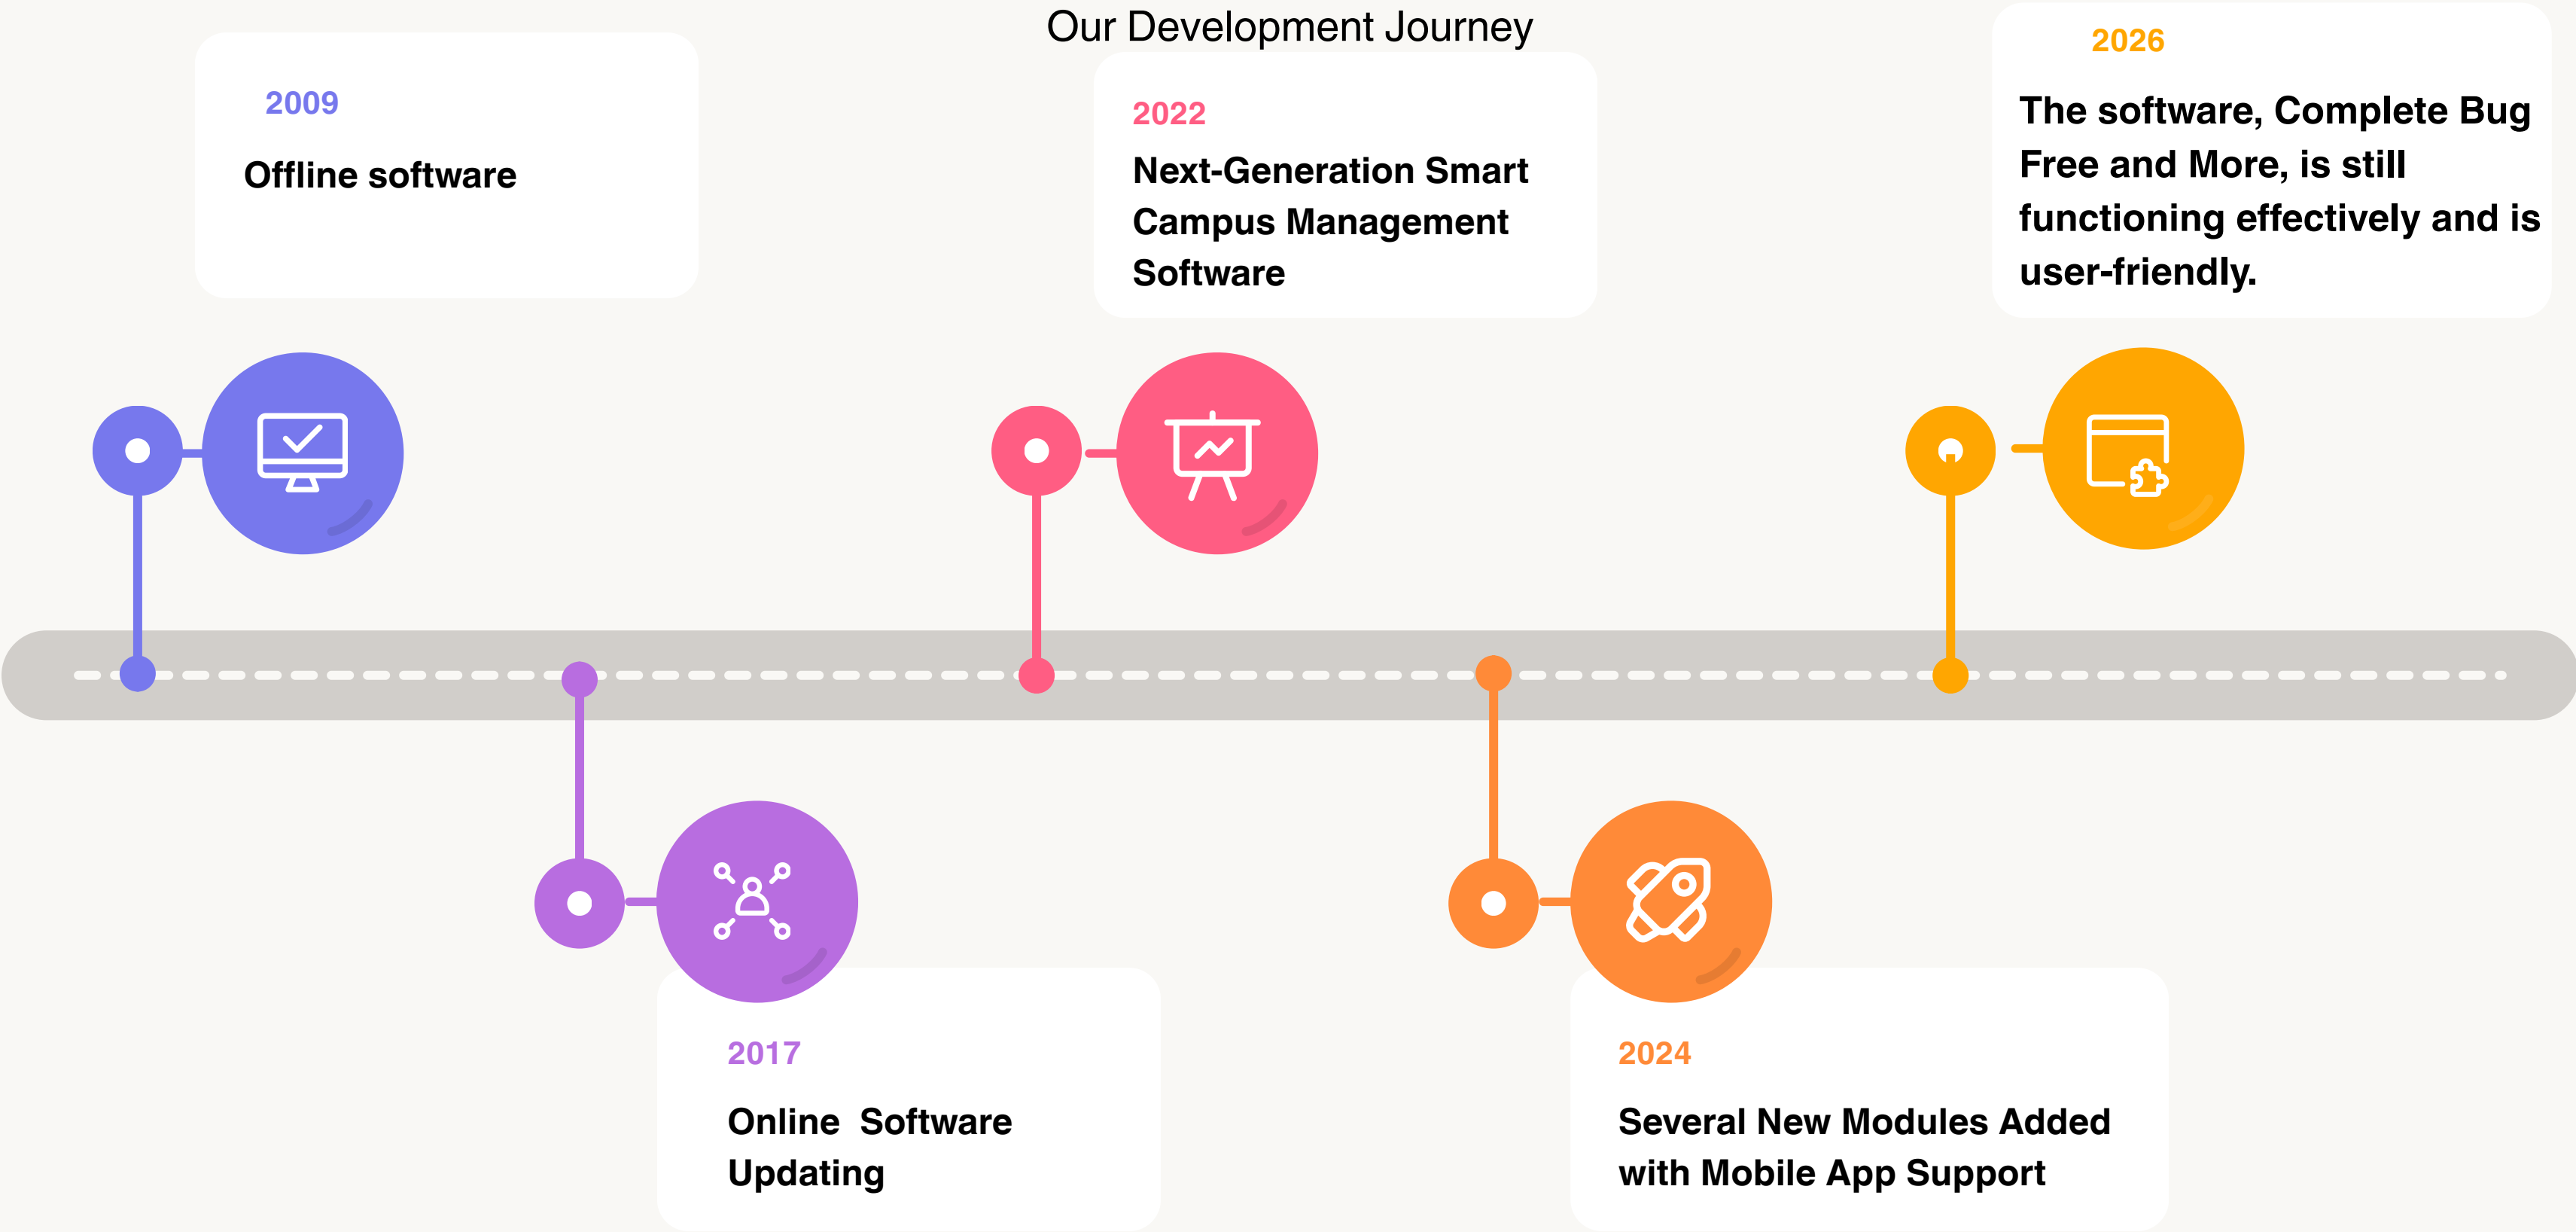

We are a passionate team of technology professionals dedicated to building intelligent software solutions for schools and colleges. With innovation and experience, we aim to simplify administration and help institutions move towards digital transformation.

Our Commitment

We are committed to delivering reliable, secure, and user-friendly technology solutions that help schools manage academics, attendance, fees, and communication efficiently. Our goal is to support institutions with continuous innovation and dedicated service.

Technology Roadmap for Future Enhancements

Our Development Journey

Before vs After Digitalization

Changes in performance and workflow after transformation

Before

After

Manual Entry

Processes depend on paper forms and spreadsheets

1

Automated Flow

Data input streamlined through integrated platforms

1

Slow Response

Delays in data retrieval affect decision-making

2

Faster Insights

Real-time access enables quick informed decisions

2

High Costs

Resources spent on repetitive low-value tasks

3

Lower Costs

Automation reduces operational expenses significantly

3

Limited Access

Information stored in physical or isolated systems

4

Remote Access

Data accessible securely from anywhere, anytime

4

Continuous Improvement Loop

Cycle for maintaining digital effectiveness over time

Repeat Cycle
Continue process
for sustained improvement

06

Test Outcomes
Evaluate the effectiveness
of adjustments

05

Apply Changes
Implement updates
and enhancements

04

01 Collect Data
Gather feedback
and performance metrics

01

02 Analyze Results
Identify strengths
and areas for improvement

02

03 Develop Solutions
Plan changes to address
issues sound

03

Student Management

Student module manages admission, profiles, class allocation, documents, academic history, and complete student lifecycle records.

01

Finance

Finance module manages income, expenses, accounts, vouchers, reports, and financial transparency for effective school budgeting.

05

Fees Management

Fees module handles fee structure, fee collection, receipts, due tracking, concessions, reminders, and online payment management.

02

Attendance

Attendance module records student and staff attendance with biometric integration, daily reports, and instant SMS alerts.

06

Exam

Exam module manages exam schedules, marks entry, grading, result processing, report cards, and performance analysis.

03

Academics

Academics module manages class subjects, syllabus planning, lesson plans, timetable, homework, assignments, and academic progress tracking.

07

Human Resource

HR module manages staff records, recruitment, payroll, leave, attendance, performance tracking, and employee information.

04

Library

Manage library books, issue and return records, track availability, handle fines for late returns, and generate detailed library reports.

08

24 Modules

01

Admission

Manages student admission process including registration, class allocation, admission number generation, and document verification.

05

Profile

Maintains complete student profile including personal details, guardian information, contact details, and academic records.

02

Certificate

Generates student certificates such as Transfer Certificate, Study Certificate, Bonafide Certificate, and other official documents.

06

Session

Manages academic sessions or years and helps organize student records according to the academic year.

03

Reports

Provides various student reports like admission list, class-wise student list, strength report, and detailed student information.

07

Custom Heads

Allows schools to create additional custom fields to store extra student information as per institutional requirements.

04

Online Admission

Allows parents to submit student admission applications online with document upload and automatic data entry into the system.

08

Sibling

Links brothers and sisters studying in the same institution for easy tracking, family records, and fee management.

01

Fee Setup

(Fee Name, Group & Discount)

Create and manage fee heads, organize them into fee groups for classes, and apply discounts or concessions like sibling or scholarship.

02

WhatsApp Notification

Automatically send fee reminders, payment confirmations, and balance alerts to parents through WhatsApp messages.

03

Fee Collection

(Online / Offline)

Collect fees through online payment gateways or offline modes like cash, cheque, or bank transfer with receipt generation.

04

Collection Report

Generate detailed reports of collected fees including daily, monthly, and class-wise fee collection summaries.

05

Balance Collection

Track and manage pending fees and allow quick collection of outstanding balances from students.

06

Send Balance Reminder

Send automatic SMS or WhatsApp reminders to parents about pending fee balances and due dates.

07

Balance Report

Allows schools to create additional custom fields to store extra student information as per institutional requirements.

08

Accounts

Automatically updates fee collections into the accounts module for accurate financial records and reporting.

01

State Board Exam

Manage and conduct State Board exams with subject setup, marks entry, and result generation.

05

Admit Card

Generate student admit cards with exam details, subject schedule, roll number, and hall information

02

CBSE Exam

Manage CBSE exam structure including grading system, subject marks entry, and report card generation.

06

Marks Entry / Marks Card

Enter subject-wise marks, calculate grades, and generate marks cards for students.

03

Internal Exams

Create and manage internal exams such as unit tests, mid-term exams, and final exams.

07

WhatsApp Sending

Send admit cards and marks cards directly to parents through WhatsApp for quick communication.

04

Exam Master

Configure exam settings, subjects, marks structure, and exam schedules.

08

Exam Reports

Generate exam reports such as result analysis, class-wise performance, topper lists, and subject-wise results.

Manage classes, sections, and academic structure.

05

Timetable Management

Create and manage class and teacher timetables

02

Subject Management

Create and assign subjects to classes and teachers.

06

Homework Management

Assign and track student homework and assignments.

03

Syllabus Planning

Organize syllabus for each subject and academic year.

07

Academic Calendar

Maintain school academic events, holidays, and schedules.

04

Lesson Planning

Plan daily lessons and teaching activities.

08

Student Promotion

Promote students to the next class or session with updated academic records.

Academics

01

Book Master

Manage book details like title, author, publisher, and category.

05

Student Material Issue

Issue study materials or resources to students.

02

Book Category

Organize books into different categories for easy management.

06

Fine Management

Calculate fines for late book returns.

03

Book Issue

Issue books to students and staff with issue date records.

07

Book Stock Management

Track available books and library stock.

04

Book Return

Record returned books and update availability.

08

Library Reports

Generate reports for issued books, returns, and overdue items.

Library
